Education

Msc in Business Information Systems 2012

Bsc In Business Information Technology 2009

International Advanced Diploma in Computer Studies 2007

Experience

- 2017 Remote Job ArsenalEdge Lead Designer
I have done graphics design work for many vehicle stores in the USA as a designer for ArsenalEdge. I create complete Automotive design elements for them, for example: Home page graphics, GMB graphics, email Templates, Google and social media ads, Video Ads, Landingpage and promotions.
- 2015 Offline Job ServiceEngine BPO Senior Principal Designer
As a Senior Principal Designer, I lead complex design projects, combining strategic vision with deep expertise. I guide design teams, shape innovative solutions, and ensure alignment with organizational goals. My role is pivotal in driving creative excellence and delivering impactful, high-quality designs.
- 2012 Offline Job GraphicPeople Web Designer
As a Web Designer, I create visually appealing, user-friendly websites that reflect brand identity. I focus on delivering seamless user experiences through responsive design, intuitive navigation, and engaging content, ensuring each project meets both client and user expectations.
